This is the Sign of the Progressive Merchant

Every City must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Everyone has forefathers, these forefathers have made the history of this country; someday you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. **THE BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND IN NO OTHER PLACE.** That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

RUTLAND

The publishers of this Directory consider it advisable and desirable to set forth the following paragraphs, in as simple and attractive a manner as possible, to enable the readers of these descriptive pages to comprehend as many of the outstanding features of Rutland as limited space permits. The local resident, the visitor, and the distant reader about Rutland wish to gain an impression of Rutland as well as to have at hand a statistical reference regarding the city and its people. It is the publisher's aim to portray as much of Rutland's charm and greatness as is consistent with facts. We believe with John Cotton Dana, the great librarian, that "Good citizenship springs from a knowledge about one's own community." The teachings of the City Map and the City Directory about localities, districts, street locations, street changes, growth of sections and general city changes are of great importance to property owners, old residents, new residents and school children. Racial characteristics of names in the Directory enable the consultant to gain a very comprehensive knowledge of the inhabitants of the city and many other educational facts. Notable men all through history have contributed their philosophy as to the value of knowledge about the home town. Here is one from Abraham Lincoln: "I like to see a man proud of the place in which he lives. I like to see a man live so that his place will be proud of him." In studying the following, remember that the Rutland City Directory disseminates this information far and wide where this Directory represents Rutland in the Free Directory Library Exchange System of North America. The Rutland City Directory, with over 440 closely printed pages, is the City of Rutland in book form; its family and social life, business and industrial life, is portrayed in great detail. The publishers invite and accept constructive criticism and suggestions for the improvement of the Directory for the benefit of Rutland and all interested.

LOCATION—Rutland, known as "The Marble City," is located midway of the State north and south. It is about 15 miles from the western boundary and has many of the characteristics of the great neighboring State of New York. Distances as follows to important eastern points: New York 235 miles, Boston 167, Montreal 165, Philadelphia 325, Baltimore 420, Burlington 68, Montpelier 66, Bellows Falls 51, Glens Falls 50, Bennington 57, North Adams 77, Ogdensburg 224, St. Johnsbury 106, Brattleboro 77, Schenectady 100, Buffalo 379, Chicago 933, Elmira 286, Troy 99.

TOPOGRAPHY—Probably no important city in New England has so grand a setting as Rutland. The city lies among picturesque lakes and streams, the encircling mountains are near, yet far enough away to give plenty of building room and the broad valley running north and south for many miles is one of the beauty spots of America. Noted mountain peaks of the Green Mountain and Taconic ranges can be seen from high parts of the city. The highest peak visible is Mt. Killington, over 4,241 feet. City is 561 feet above sea level. Contains land area of 8.113 square miles, water area of 100 acres.

HISTORICAL—The history of Rutland vies with any city in the land for interest. It was settled in 1761, and by 1774 there were 35 families. In common with all frontier settlements it suffered from the depredations of the Indians, and also from the Colonial and Indian Wars. Probably named after Rutland, Massachusetts, because the first grantee of the charter for township was a John Murray from that town. Incorporated a city in 1892.

RECREATIONAL—Rutland is happily situated for the health and pleasure of its citizens and visitors in their leisure hours, and Rutland is in the midst of an outdoor country of great appeal. It is located in a broad valley, and looking to the east is the incomparably beautiful Green Mountain range, with its Killington, Shrewsbury and Pico peaks forming a most fascinating sky line. To the west are more unusually beautiful mountains, Bird Mountains and the northern end of the Taconic Range forming the western wall of a very attractive valley running into Massachusetts and the Berkshires and to the north a broad valley reaching into the Champlain valley. From any high point in the city of Rutland can be seen the mountain peaks of Taconic range to the southwest, which really separates Vermont from New York state.

It is probable that no place exists in northeastern United States with more natural advantages for outdoor sports and recreation. In the summer the atmosphere is buoyant and healthful and lends to physical activities, whether on the golf course, tennis courts, or baseball parks. There is also mountain climbing to be had within a few miles of the city. The trail to Mt. Killington, over 4,200 ft. in height, is one of the notable mountain climbing stunts of western New England. For lesser climbs there are Shrewsbury over 3,700 ft. and Pico over 3,900 ft., and the trails in the Green and Bird Mountains. Lake Bomoseen is also available to Rutland residents and visitors, at a distance of about 15 miles, and is a fine body of crystal clear water, some 10 miles in length. Lake Dunmore, 26 miles from the city, on U. S. route 7 is also a Rutland recreational attraction, for camping, boating and bathing. There are other smaller lakes not far distant from Rutland, and easily accessible.

Of particular interest to outdoor sports lovers is the proximity of the "Long Trail," which passes within 10 miles of Rutland, doubling along the ridge of the Green Mountains, and crossing the following highways: 11 east of Manchester Center, 103 east of Wallingford, U. S. 4 east of Rutland and Mendon, and 115 east of Brandon, also an unimproved highway east of East Clarendon at Cold River. This trail skirts the peaks of Little Killington and Killington, Little Pico and Pico. This is one of the most famous trails in eastern North America, and has a large number of hikers annually. Rutland is one of the supply points on this trail. There is a winter sports area on Pico Peak much frequented by Rutland ski enthusiasts. Rutland maintains a team in the Northern League of baseball. A modern swimming pool adds much to the recreational facilities.

INDUSTRIAL—Rutland leads the State in industry. In 1948 there were 48 plants making a variety of more than 50 products valued at over \$8,000,000. Employing over 2,000 with a payroll of nearly \$3,000,000 annually. Materials used annually cost \$3,000,000. In the Greater Rutland industrial district there are 113 plants with 5,112 employees, and a payroll of \$7,000,000, value of products annually \$20,000,000. The leading products are antiseptics, medical products, awnings, flags, barrels, books, confectionery, cement, electrical parts for airplanes, tile, dairy and creamery machinery, women's clothing, fire clay, roof cement, shirts, collars, ice cream, printing, maple sugar utensils, marble, mattresses, railroad car repairing, sand pumping machinery, scales, trucks, refrigerators, beverages, medical bandages and pads, steam boilers, iron work, stone working machinery, tin cans, wood working materials, granite, slate, garden tools, toys, artificial stone finish, iron castings, fruit picking, clothes pins, threshing machines, saws, dairy products. The quarrying of marble, slate, lime, talc, soapstone and fire clay is extensively carried on in the Rutland district. Agriculture, fruit raising and dairying are important in the county. There are over 45,000 farm animals in the county; 92% of the labor supply is native born. Available industrial sites are of the best and on trunk line railroads.

AN INDUSTRIAL PLANT

FINANCIAL—Rutland has 6 banks including 1 co-operative bank. There are 2 national banks with capital and surplus of over \$1,000,000 and deposits of nearly \$7,000,000; 1 trust company with deposits of over \$2,000,000; 2 savings banks with resources of \$23,000,000. These make a total of 6 banks covered by this Directory, with total resources \$41,195,564.32. Assessed valuation \$20,935,300.00, bonded debt \$501,000.

EDUCATIONAL—There are 6 elementary schools, 1 high and 1 intermediate, making a total of 8 schools, 5 parochial. Through a new high school building, provision has been made for growth which is pressing. There are 85 teachers. The schools are managed through a board of commissioners of 11 members elected by the voters of the city. The present enrollment is about 1,734. The parochial school enrollment is over 1,581. Public Library has 42,000 volumes. Directory Library has 250 volumes covering 1,200 cities and towns at Chamber of Commerce and maintained by H. A. Manning Company.

POPULATION—The 1910 population of Rutland City was 17,217. Excess of females over males 800. Excess of births over death 950 in 7 years past. Since 1870 the growth has been as follows: 1870, 9,834; 1880, 12,149; *1890, 11,760; *1900, 11,449; 1910, 13,546; 1920, 14,954; 1926, 14,825; 1927, 17,446; 1930, 17,082. Total population covered by this directory is 26,283. U. S. census 17,647, Directory Census July 1950, 18,000, City and Township 19,500, West Rutland and Proctor 29,000.

MERCANTILE—Rutland is a trading center for 100,000. It is the commercial center for an area covering a radius of 40 miles from the city. There are 325 stores, retail and wholesale. There are three miles of store frontage located mostly on Merchants Row, Center, West, Wales, Strongs Ave., Willow and Evelyn Streets. Annual sales nearly \$25,000,000; 275 proprietors and copartnerships and 63 corporations. 1565 employed clerks, payroll of \$1,195,000. There are over 200 professional offices.

TRANSPORTATION—Rutland is the largest railroad center in the state. Steam railroad lines diverge in six directions. The headquarters of the Rutland Railroad is located here, this system has 413 miles of main line running from Troy, N. Y., through the length of Vermont and across northern New York to Ogdensburg where it connects with Great Lake-St. Lawrence River navigation; there is also a branch from Rutland to Bellows Falls where it connects with two important divisions of the Boston & Maine Railroad; a high type of passenger service is maintained; it is one of the great freight services of New England with its transcontinental connections. The Delaware & Hudson Co. have the terminus of two divisions here: the Whitehall division connects with the main line and offers a route into Canada and also into Pennsylvania; the other divisions connect with the main line at Troy. The Clarendon and Pittsford Railroad is a short line. Total number of passenger trains in and out of Rutland daily are 26. There are 12 regular freight trains, the total inbound and outbound tonnage annually is nearly 300,000 tons. RUTLAND

Trading Center for a Population of Over 100,000

ONE BLOCK OF MERCHANTS ROW

A Charter was granted to the Town of Rutland on September 7, 1761, and Rutland was organized as a City on November 19, 1892. It has a population according to unofficial 1950 census of 17,647. City and town 19,059, present estimate 20,000.

Rutland, known as "THE MARBLE CITY" is located midway of the State of Vermont north and south. It is about 15 miles from the western boundary and has many of the characteristics of the great neighboring State of New York. Boston is 167 miles, New York City is 235 miles, Montreal is 165 miles, Philadelphia is 325 miles, Baltimore is 420 miles, Burlington is 68 miles, Montpelier is 66 miles, Glens Falls is 50 miles, Albany is 90 miles and Schenectady 100 miles.

Rutland is an industrial center and the largest railroad center in the State served by the Rutland and the Delaware & Hudson Railroads. State and Inter-state buses serve the city.

Industries are seeking advantages of attractive topography, open country in which to expand and build homes for employees, good transportation facilities, a friendly and progressive people, natural resources of agriculture, dairying, mineral products.

Hotels, inns, tourist homes and cabins, restaurants, grills and diners for every taste and every purse are located in Rutland. City water supply from pure mountain brooks.

Rutland Commercial Area

The view shown below gives some idea of how vast and attractive is the Greater Rutland terrain in which industries and business houses can locate and expand. For healthful and attractive location it is doubtful if any section can offer more than Greater Rutland has available for homes. Railroads in five directions. Highways in seven directions. Airways in process of planning. The purest of mountain brook water feeds the reservoirs.

OVERLOOKING MARBLE QUARRIES IN WEST RUTLAND LOOKING EAST

City of Rutland lies beyond first low hills
Distant Skyline is Green Mountain Range

The distance across the valley at Rutland is some 20 miles east and west; north and south is unlimited. Nearby in all directions lies a particularly pleasing sports and playground with lakes, mountains and valleys. Winter and summer sports have become a substantial industry. New industries are coming to Rutland. Consumer markets are in this section of the country. A spirit of welcome prevails. 100,000 people in the trade area. 34,000,000 consumer population within 500 miles.

There are 323 retail and wholesale establishments occupying over three miles of store frontage on seven streets. 262 of these are proprietors or copartnerships and 61 are corporations. Nearly 2000 clerks are employed. There are over 200 professional offices.

Recreational Rutland

In Promoting a Greater and Better City, it has been the aim of the planners of Future Rutland to give full emphasis to the Pleasure and Health aims for our Citizens. Prominent Recreation and Sports are Athletics, Hiking, Mountain Climbing, Horseback Riding, Trail Tramping, Snowshoeing, Skiing, Camping, Picnicing, and just pure relaxation in the buoyant healthful atmosphere of Rutland County.

In addition to the sports possibilities of the Mountains to the east and west of Rutland, there is a Development of Recreational Facilities within the city, to make life more happy. Golf Courses, Tennis Courts, Baseball Parks, Athletic Fields, and the Finest Municipal Bathing Pool in the State are already possessed and more planned.

The experienced mountain climber can try Mt. Killington rising to an elevation of over 4,200 feet, or Pico Peak of some 4,000 feet, or Mt. Shrewsbury of 3,600 feet. These are nearby and accessible, and all are visible to the east from the city. Ten miles to the west are the Bird Mountains, which are really the beginning of the grand Taconic Mountains ranging south along the Vermont-New York State line into Massachusetts and Connecticut; this range culminates in famous Mt. Equinox of 3800 feet and visible to the south in clear weather and certain locations in the city. Greylock Mountain in Massachusetts is a spur of this range and is the highest point in that state.

Rutland Municipal Bathing Pool

Some notable Trails run over these mountains, and Rutland is one of the supply points for their large number of hikers.

Competitive sports of our High Schools with those of other cities and towns in Vermont and neighboring states have long been outstanding. Baseball, Football, Basketball, Tennis, are part of the regular school schedule of athletics. Rutland professional baseball has thrived here, and as a member of the Northern League has reached attendance as high as 6,000 at a game.

It is coming increasingly into the picture of Recreational Rutland that this is a very healthful climate and sports are a part of that climate.

Write your views to them on all important local, national, and international legislation to come up for vote before them. Express yourself frankly and with force. They need your letters. They are away from home and many times under wrong influence. Do not hesitate to write them many times a year strengthening their hand and giving them the advantage of your good judgement and common sense. Guide them with good old-fashioned, home-town logic and help save America from pitfalls which daily threaten our constitutional rights.

*"You cannot keep out of
trouble by spending more
than you earn"*

**MORE TRUE
TODAY
than
YESTERDAY**

What Abe Lincoln said
so well years ago applies
to our living today even
more. Consider his further
comments:

- "You cannot bring about prosperity by discouraging thrift.
- "You cannot strengthen the weak by weakening the strong.
- "You cannot help strong men by tearing down big men.
- "You cannot help the wage earner by pulling down the wage payer.
- "You cannot further the brotherhood of man by encouraging class hatred.
- "You cannot help the poor by destroying the rich.
- "You cannot establish sound security on borrowed money.
- "You cannot build character and courage by taking away man's initiative and independence.
- "You cannot help men permanently by doing for them what they could and should do for themselves."

Publishers' Notice

The following pages are devoted to the interest of industrial, educational, mercantile and professional Rutland. In these pages will be found announcements of all classes of business houses, placed here for the purpose of enlightening those who would BUY IN RUTLAND.

In no other place will such a huge amount of data regarding Rutland be found. It represents indefatigable labor on the part of the publishers coupled with the progressive and co-operative spirit on the part of those listed herein. RUTLAND thus writes a milestone in its history that must have far reaching effects on its progress.

If this book serves you and your city you can do no less than give recognition to the men and institutions who have made this possible. Some big men in Rutland have had such a belief in this Directory that they have gladly given of their time and finances that some of the institutions might have registration. To these men in particular we wish to offer our congratulations and gratefully acknowledge their civic spirit.

CHURCHES

The Churches

WITH A TOTAL OF TWENTY-SIX CHURCHES representing all the leading denominations, Greater Rutland is well supplied with churches.

These noble edifices placed at intervals about the city add much to its attractiveness and charm.

It is the belief of many Rutlanders of vision that this full and adequate supply of churches is one of the greatest of the many resources of the city.

That for newcomers it is a factor that makes for the ready assimilation into the religious and social life of the community and hastens the time required to make citizens of the strangers who come to us.

The church of today is the greatest of all institutions for the planting of good thoughts in the minds of the people and stands as the bulwark against degrading influences that surround us. Therefore let us give a thought to these institutions that form so great a part of our city life and in visualizing our future greatness let us remember their value as

A Factor for Progress

WHY ADVERTISE IN MANNING'S DIRECTORIES?

You Men—

Who spend Large Amounts of money on creative advertising—Who are prone to think of creative advertising only

A Word with you—

When you invest a dollar in merchandise, equipment and personnel, or anything else connected with your business, you protect that dollar to the utmost. What are you doing to protect your investment in creative advertising? The newspaper that you buy daily may have in it an advertisement that costs you many dollars. This paper has the date printed at top of each page—You saw the date. But when you reached your office and wanted the day of the month you referred to the calendar, not your memory. Your employees did the same, the whole business likewise

The Public—

May see your creative advertisement but when they want your products they will turn to Manning's Directory that lists you at least three ways and can double that if you say so. Turn to the Classified following Pink Section and get the full story by further reference to what you can say in a well displayed advertisement

Protect Your Investment—

In creative advertising by liberal advertising in the Buyers Guide for a small percentage cost of your creative advertising

Insure your Advertising Appropriation with—

THE BEST ADVERTISING MEDIUM IS THE

CITY DIRECTORY

Because It Is Used The Most To Find Just Such
 Information You Most Wish To Have
 The Public Know

FIRST—what line of goods you handle. **SECOND** where you are located. Pick up a City Directory anywhere and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc., and some prefer one kind, some another. What better place to state your special brands than in the City Directory?

The Perambulations of the City
Directory are very extensive . . .
. . . . with its greatest service as
a local city information bureau

Added to that is the fact that it represents your city country-wide, through its inclusion in the free Directory Library Exchange system of the Association of North American Directory Publishers, telling the story of Rutland and all it stands for to over 50 million annual users of these libraries. Rutland's Greatest Advertisement.

One of the Vicissitudes of Directory Making

KNOW YOUR CITY DIRECTORY

As one of our great educators has said, "Knowledge is not so much what you know, as what you know you can find."
